Section 538, M.S.R., is capable of taking the interpretation placed upon it by the Comptroller. If the expression "sending the conveyance required for his use at the end of such journey" is emphasised, the rule will bear the meaning put upon it by the Comptroller.

I am not, however, sure if the intention of the rule is to restrict the concession only to the forward journey. The intention of the rule may be to permit the concession for both the forward and the backward journeys. As a matter of fact, such a concession is allowed in the case of the Judges of the Chief Court. It may, therefore, be held that that the consideration called for in the case of the Judges of the Chief Court is equally necessary in the case of the Members of Council.

C 5 215-2-13-2

The corresponding rule in Madras runs as follows: "A member of the Executive Council or a Minister, when travelling on tour, may recover the cost of carrying his motor car if carried for purposes of his office". As the audit interpretation is for allowing only for one journey and as such interpretation cannot be considered as unreasonable, taking the article as it now stands, it is necessary to revise the phraseology of the rule if the concession should be permitted both ways.

Submitted to His Highness.

Under article 538 of the Mysore Service Regulations, a Member of Council having to travel by railway over a distance of not less than 30 miles in a single journey, is entitled, in addition to his ordinary allowance, to the actual expense of sending by rail the conveyance required for his use at the end of such journey. The Comptroller has interpreted this to mean that the concession refers only to forward journeys, and has accordingly disallowed the claim of the First Member of Council for bringing back his car by rail from Tiptur to Bangalore when he toured in the Tumkur District in August 1923. The First Member being of opinion that the Comptroller's interpretation was not correct, he referred the matter to the Financial Secretary who thinks that although the wording of article 538 of the Mysore Service Regulations is capable of taking the interpretation placed upon it by the Comptroller, he is not sure if the intention of the Rule is to restrict the concession only to the forward journey. He adds that as the concession of taking a conveyance both for forward and return journeys has been allowed in the case of Judges of the Chief Court, the same consideration may well apply in the case of Members of Council. He has accordingly suggested the insertion of the words "from and to headquarters" after the word "sending" in line 6 of the article.
